8TH AMIFOST 2025

INTERNATIONAL CONFERENCE ON
THE FUTURE OF FOOD SCIENCE & TECHNOLOGY:
INNOVATIONS, SUSTAINABILITY AND HEALTH

HYBRID

27th – 28th March 2025 • Amity University Noida (Delhi NCR) India

<https://amity.edu/aift/amifost2025/>

OVERVIEW

Over the last 50 years, food systems have transitioned from rural to industrialized models, impacting diets, health, livelihoods, and environmental sustainability. Climate change compounds these challenges, with extreme weather, shifting agricultural patterns, and rising temperatures threatening food security.

To address this, sustainable innovations in food science and technology are essential. These advancements will revolutionize food production, consumption, and distribution while tackling global issues like climate change, nutrition, and environmental impact.

ABOUT AMIFOST

The 8th AMIFOST 2025, hosted by the Amity Institute of Food Technology, focuses on **“The Future of Food Science & Technology: Innovations, Sustainability, and Health.”** This conference explores key trends and collaborative strategies to create a resilient and sustainable food ecosystem. By uniting farmers, researchers, policymakers, and consumers, we can build a food system that nourishes both people and the planet.
