

About Conference

The International Conference on Interdisciplinary Innovations for a Sustainable Future (ICIIS-2026) is supported by reputed academic and research publication partners to ensure high-quality dissemination of scholarly work presented during the conference.

All accepted and presented research papers will be published in peer-reviewed conference proceedings and reputed national and international journals, subject to the respective publication guidelines and review processes. The publication process will adhere to strict academic ethics, originality standards, and plagiarism norms.

The publication partnership aims to provide researchers, academicians, and industry professionals with global visibility, academic recognition, and indexing opportunities, thereby enhancing the impact of their research contributions. Selected papers may also be considered for publication in indexed journals, edited volumes, or ISBN-bearing conference proceedings, as applicable.
