

## About Conference

VI<sup>th</sup> International Conference on Research, Analyze, Communicate and Evaluate is a global event organized at Dolphin (PG) College of Science & Agriculture in association with International Association of Research and Developed Organization (IARDO) & Conference World. This conference provides an international forum for researchers, developers, engineers and practitioners who are involved in real time projects that provide solutions to exchange their valuable ideas and showcase the ongoing works which may lead to path breaking foundations of the futuristic engineering. It accentuates indispensability of interdisciplinary and cross-linked thinking with respect of innovation and market opportunities. All the accepted papers will be published in International Journal with ISSN and Conference proceeding having ISBN.

ISBN: 978-93-91535-57-5
